2. PURPOSE OF LEASE

The Department has a need to lease premises in Missoula, Montana, for the purpose of office space for the Montana Highway Patrol Division, Gambling Control Division, and the Motor Vehicle Division. The Contractor will build to suit office space for lease in Missoula, Montana, suitable for stated purpose.

The Contractor and the Department therefore agree as follows:

3. PREMISES DESCRIPTION

The exact address shall be stated in an amendment when it is obtained. The site plan for this building is attached hereto and made a part hereof by reference as Exhibit A.

The area of space being leased consists of 19,112 square feet, as further detailed in the floor design described as Exhibit B, attached hereto and made a part hereof by reference.

4. TERM OF LEASE

The term of this lease shall be fifteen (15) years, originating on the 1st day of January, 2000, and terminating on the 31st day of December 2015, unless earlier terminated as provided in Sections 14, 20 or 22 of this lease.

If the building is not ready for occupancy on January 1, 2000, the originating date will change to the date of last occupancy and the date of termination will be 15 years from the date of last occupancy. In the event the building is available for occupancy prior to January 1, 2000, those state agencies not bound by another lease may occupy this space but in any event the last day of occupancy will be the origination date as further detailed in an amendment to this lease.

The rent shall be prorated to reflect actual occupancy by the agencies

until such time as the total building is occupied.

The Department realizes that the building to be leased is part of a "campus" environment and that the Contractor will be seeking tenants to occupy available space in other buildings on the site.

In the event the Contractor leases a space to a non-state agency that is in conflict with the Departments programs this lease shall be deemed in default. This reflects a rate of \$12.50 per square foot per year.

For years six through ten, the annual amount payable each year shall be \$258,012.00 with monthly payments of \$21,501.00. This reflects a rate of \$13.50 per sq. ft. per year.

In further addition to the consideration, as stated above in Section Five (5), in the event that the amount of real property taxes and assessments imposed upon the demised premises, including land, buildings, improvements, and appurtenances, increase or decrease, in any one year period commencing on the anniversary date of the base period which shall be the first twelve month period that the building is occupied by the Department are fully assessed, from the amount imposed or incurred with respect to the base period, the following adjustments shall be calculated and the amount of such additional tax shall be payable by the Department in a single lump sum within thirty (30) days of receipt of notice from the Contractor.

The notice from the Contractor shall include (1) a statement for the amount of such additional tax; (2) the calculations on which the amount of such additional tax is based; and (3) documentation of taxes for all years relevant to the calculation of such adjustment.

In the event of a decrease in the cost of taxes over the base year, the Contractor shall deduct the amount of the decrease from the next rent due from the Department for the month following the calculations determining such decrease.

After receiving a completed invoice addressed to the Montana Department of Justice, Central Services Division, 303 North Roberts, PO Box 201404, Helena, Montana 59620-1404, at the beginning of each month, these charges will be paid.
